WORD WALL BUNDLE

TEACHERS LOVE THIS RESOURCE!

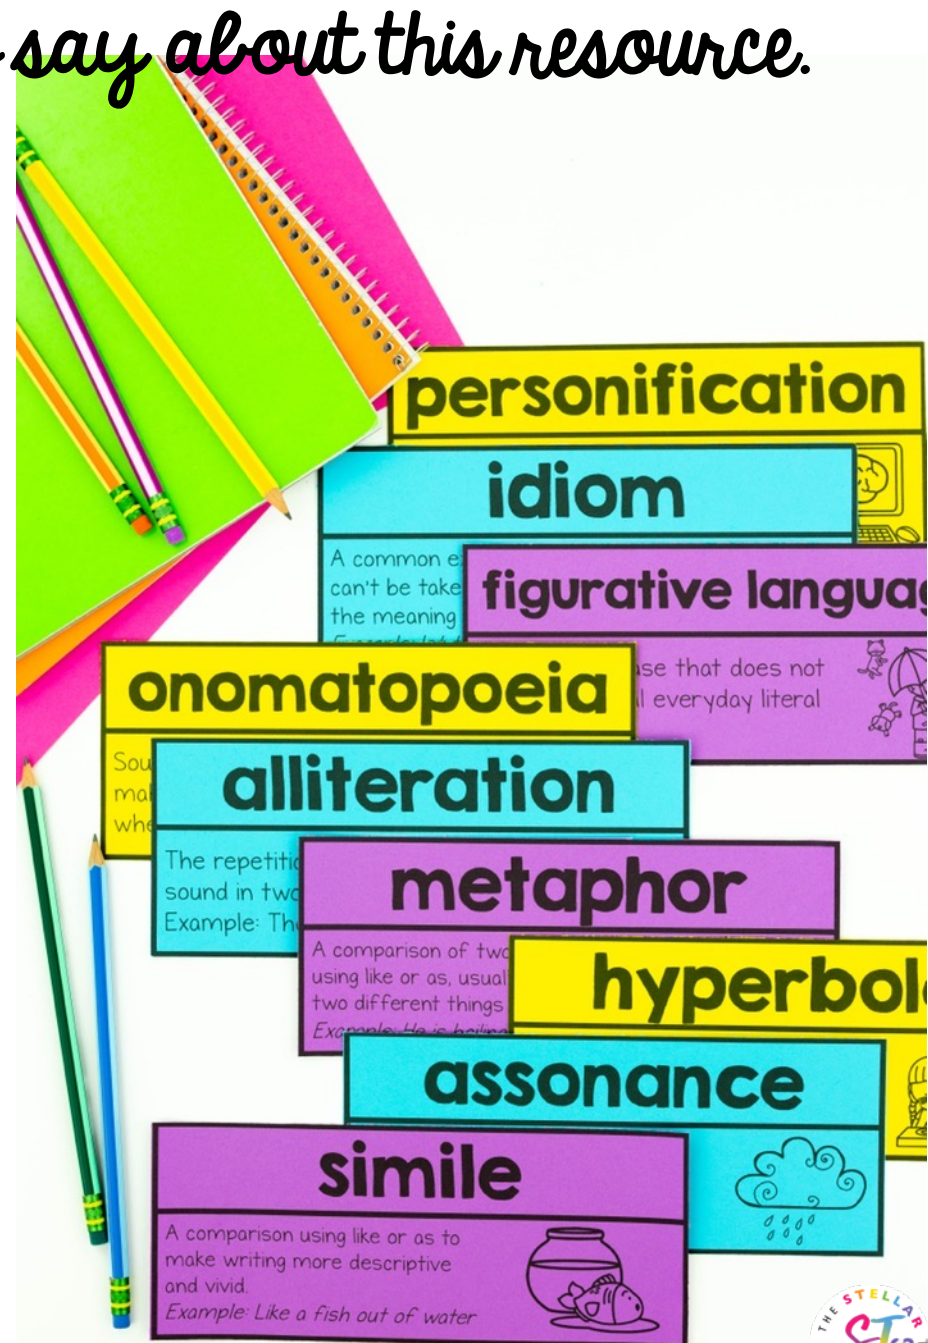

Check out what teachers have to say about this resource.

This is such an amazing resource because you can use it in so many ways! In addition to posted the cards as a word wall, I print out the cuttable versions as a center, pass out smaller versions for student reading notebooks, and use the genre cards to organize my classroom library. During distance learning, the cards were simple to project and covered a variety of terms. I love how the cards include a visual support as well. – Victor S.

This has been a WONDERFUL resource for organizing my vocabulary words! I use them to introduce new terms and then add them to my word wall for students to refer to throughout the year. Super helpful and useful! – Gina C.

- I am so happy I found these. I'd been needing a better way to display our key vocabulary from our current/past units. These came in handy! My students referenced these and would take them back to their seat to use when working independently. These will always have a space on my boards next to my anchor charts from now on!*
