TEACHERS LOVE THIS BUNDLE!

Check out what teachers have to say about this bundle.

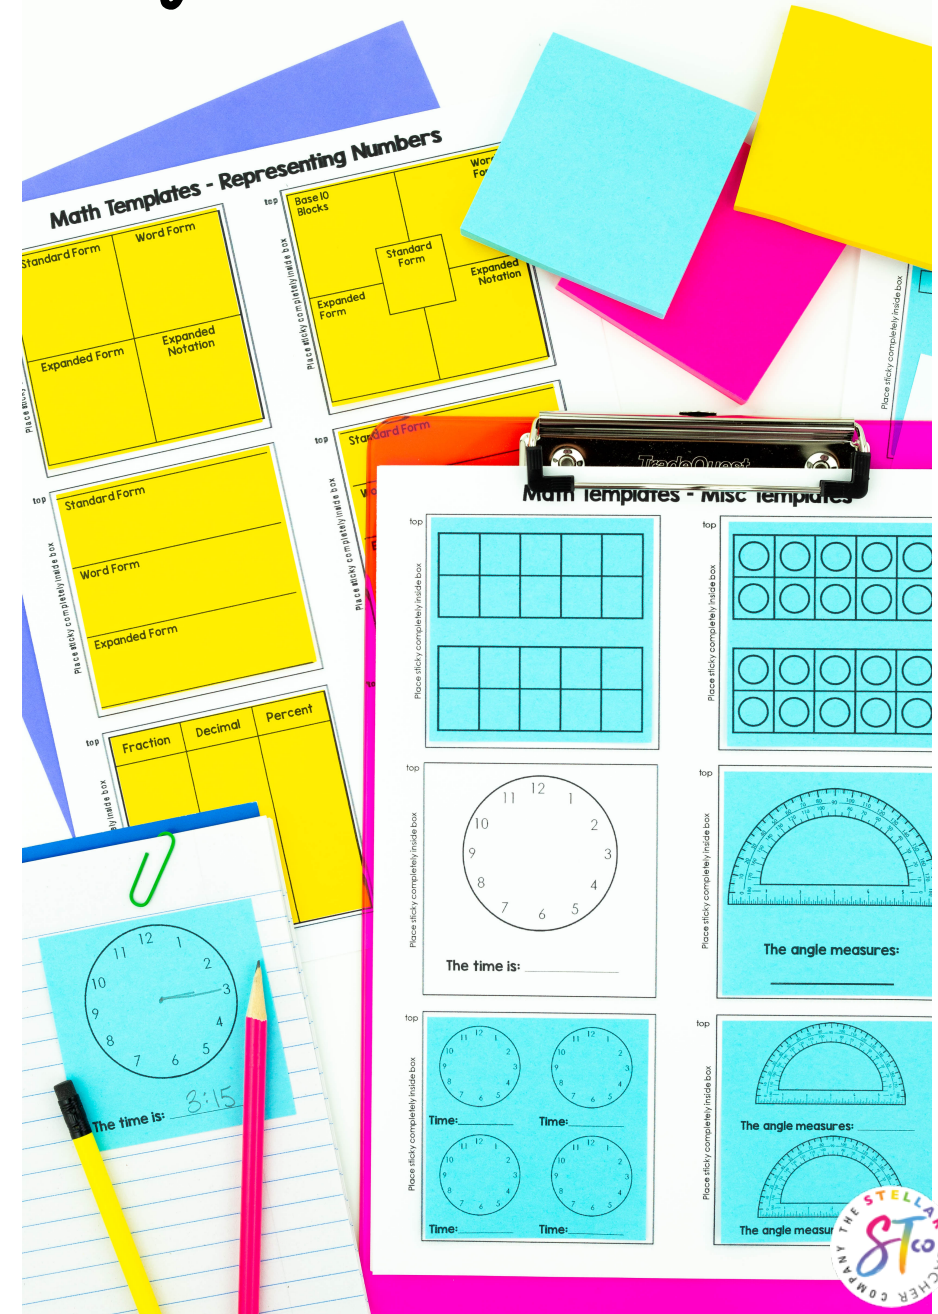

My students find this resource very fun and engaging! It makes them actually want to learn more! I like using it as an informal assessment! Thanks for making it fun! - Lerin D.

Love printing on sticky notes! My students love doing stop and jots and this makes it so much easier to give directions and is much quicker! Super helpful for peer editing narratives as well! - Kristen D.

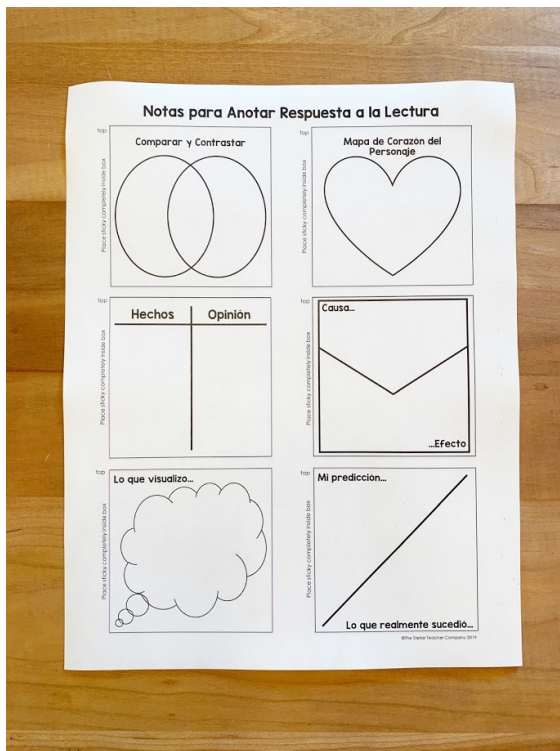

These are excellent! I print them out before small groups so I have them for my small group lessons. I love how clear and clean these look. I really appreciate the work and detail that went into these. Thank you! - Bookcases & Buntings

Printing Directions Included

If you have never printed on sticky notes, there are printing directions included. It is super simple and once you start, you won't be able to stop.

Step 1: Print the sticky note template.

Step 2: Place sticky notes on top of the template.

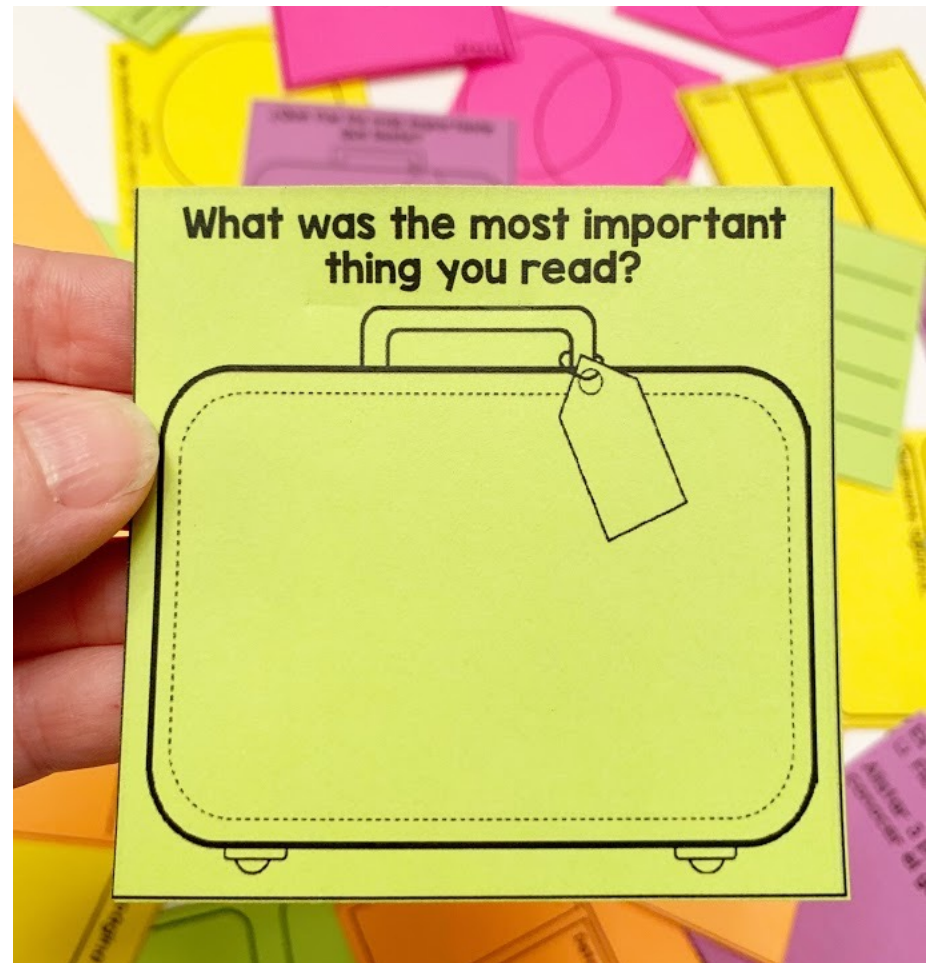

Step 3: Place the sticky notes back in the printer and reprint the template.

Not interested in the sticky notes? No problem.

These templates still work great when they are printed on regular paper as well. I especially love printing them on Astrobrights.
